

SLP STOCK LOSS PREVENTION TECHNOLOGIES

GRIPPA BOTTLE TAG

The Grippa bottle tag is highly visible, deterring thieves from stealing or tampering with the product, but its compact design won't interfere with adjacent bottles. It has a high tensile stainless-steel belt for added security. These bottle tags can be quickly and easily removed using our super lock detachers and does not slow the checkout process down.

- Dimensions 50.9*13mm
- Frequency: 8.2MHz & 58KHz
- Available in AM and RF technology
- Lock: super lock
- Color: Grey/Black
- Strong visual deterrent
- Integrated high tensile stainless steel belt for added security
- Midi ferrite coil for detection up to 2m
- Easy to apply and remove
- Compact design, will not interfere with adjacent bottles
- The Grippa Bottle Tag is custom designed and manufactured by SLP Technologies
